Join the FUN with **ITZAZU® KIDZ** interactive hand-washing system that encourages Kidz to wash hands thoroughly. Parents, Grandparents and Teachers agree that **ITZAZU® COLOR CHANGING HAND SOAPS** are a great tool to help get kidz to wash their hands. **ITZAZU®** has formulated it's color filled "Chase the Bead" technology to pop and change the suds from white to a designated color during a 15-20 second hand-washing session. According to the Center for Disease Control ("CDC"), 15 to 20 seconds is the proper amount of time required to help lift the microbes (germs) off the hands. **ITZAZU® HAND SANITIZERS** kills 99.9% of germs on contact! A great way to sanitize hands if water is not readily available. This hand sanitizer won't leave hands sticky or dry; the formula contains moisturizers that will leave hands soft and moist. Kidz will love the "sparkle" color which does not show up on hands.

Kidz-friendly bottles with a pump that is 25% easier to press is made especially with Kidz in mind! A bonus Kidz sticker is found on each bottle--collect all six different characters. Your school needs something new and different, and this is it! Ecologically friendly, dermatologically safe, and safe for septic systems.

ITZAZU HAND SOAPS - \$7.50

Hand soap changes color after 15 seconds of washing, encouraging kids to wash hands thoroughly

BLUE KANGAROO **PURPLE RHINO**
GREEN GORILLA **SWAMP SLIME**

ITZAZU HAND SANITIZER - \$5.50

ITZAZU®
COLOR CHANGING
HAND SOAPS

When the suds turn blue, your washing is through.

When the suds turn plum, your washing is done.

When the suds turn gray, wash the germs away.

When the suds turn green, your hands are clean.

ANTIBACTERIAL HAND SANITIZERS

KILLS 99.99% OF GERMS ON CONTACT

FUN FOR KIDZ OF ALL AGES!

Itzazu® guarantees a minimum contribution of \$5,000 per year to the International Fund for Animal Welfare.

IFAW

With too many family pets in the office, Amanda commented **“It’s A Zoo!”** – hence the name.

Welcome to **ITZAZU®**

Fact: **“Each year nearly 22 million school days are lost due to the common cold alone. When students practice healthier habits, they miss fewer days of school.”**
